## Success for State of Berlin with Luther: EU state aid procedure against partial privatisation of Berliner Wasserbetriebe is closed

**Brussels/Berlin – At the beginning of September 2014 the European Commission has closed the procedure against the partial privatisation of Berliner Wasserbetriebe which was initiated by a state aid complaint three years before. Luther Rechtsanwaltsgesellschaft mbH advised the State of Berlin in this procedure on EU state aid and public procurement law.**

Transparency International Deutschland e.V. and the consumer association Verbraucherzentrale Berlin e.V. submitted the complaint before the European Commission in June 2011. They claimed that the State of Berlin had promised, and granted in the following years, illegal state aid with regard to the partial privatisation of Europe's largest municipal water supply and waste water disposal company. Thus, the private shareholders, for example, did not bear any entrepreneurial risk, but benefitted from a profit guarantee due to profit distribution rules fixed in a consortium agreement. Moreover, the State of Berlin violated public procurement law. The European Commission, however, did not agree and now closed the procedure.

Since 1999 RWE and Veolia held an economic interest of 49.9 percent in Berliner Wasserbetriebe. Since 2013 the State of Berlin owns 100 percent again. Luther also advised the State of Berlin on the repurchase of the shares from the private shareholders.
