New Minimum Wage in Myanmar
Update on Minimum Wage

I. Introduction

In accordance with section 10 (e) Minimum Wage Law (2013), the National Minimum Wage Committee issued Notification 2/2015 in August 2015, announcing that a general minimum wage of 3,600 Kyat per working day with eight (8) working hours (i.e. 450 Kyat per working hour) shall apply for the entire Union of Myanmar, regardless of the location or the type of business. An exception was only made for small enterprises and family-owned and self-managed enterprises with 15 or less employees.

II. Notification 2/2018

Pursuant to section 5 (h) Minimum Wage Law (2013), the stipulated minimum wage rate shall be reviewed at least every two (2) years.

In February 2017, a new National Minimum Wage Committee was formed, which subsequently held workshops and discussions with members of the Union Territorial Council Committee and the State/Regional Council Committees, members of the Pyithu Hluttaw (Upper House) and Amyotha Hlulttaw (Lower House), representatives of the Ministry of Labour, Immigration and Population, representatives of the International Labour Organization and other non-governmental organizations as well as representatives of employers and employees to obtain recommendations and proposals to amend the minimum wage.

However, it took nearly two and a half years before a new minimum wage of 4,800 Kyats per day (eight (8) working hours) at a base rate of 600 Kyats per hour was proposed (Notification No. 1/2018 dated 2 January 2018).

Stakeholders were granted two (2) weeks for comments and/ or objections to the proposal. After expiry of the deadline, Regional and State Minimum Wage Committees had 30 days to review the submissions and propose a new minimum wage to the National Minimum Wage Committee. The National Minimum Wage Committee then had 60 days to review the proposals together with representatives from the government, employers and workers before announcing a new minimum wage rate.
In accordance with the wording of Notification 2/2018, which explicitly refers to the working hours applicable for the respective daily or hourly minimum wage, we would further submit that overtime payments are not to be considered in the calculation of an employee’s relevant minimum wage.

3. Paid Rest Day

It should further be noted that the law Minimum Wage Law (2013) provides for a salaried employee’s right to enjoy one (1) paid rest day week.

**Comment Luther:** The minimum wage of an employee with five contractual working days should thus be calculated on the basis of six (6) paid days per week (i.e. five (5) working days and one (1) rest day).
